

Greetings to L'Associazione Metodo Billings dell'Emilia Romagna (AMBER) from the Directors of WOOMB International

24th September, 2019

Dear Friends of AMBER – members of the global WOOMB family,

As you come together to celebrate 30 years of sharing the good news of the Billings Ovulation Method® with women and couples, the Directors of WOOMB International wish to express our solidarity and support for your organisation and your work.

The collaboration between Drs John and Lyn Billings and Dr Sr Anna Capella was a significant milestone in the development and spread of the Billings Ovulation Method® throughout the world, but most particularly in Italy. The Holy Spirit has enriched the lives of so many through guiding generous and caring people to take up this apostolate of life and love. That answer to His invitation obviously touched the heart of your founder, Sr Erika Buker whose contribution continues to inspire the work of AMBER.

We wish you a joyous meeting, where you can come together in fellowship, while at the same time, increasing your knowledge and skills of the methodology and science of this wonderful Method. You have been entrusted with a very precious gift. We thank you for your continued work in sharing this treasure with others. You are part of a global family of Billings Ovulation Method® teachers who ensure that couples can have access to this information and we know that they would all wish to join with us in offering their support to you on this important occasion of 30 years of teaching the Billings Ovulation Method®.

May your Conference be blessed, and may you be inspired to go back to your homes full of enthusiasm to continue your role as an accredited Billings Ovulation Method® teacher.

Together we can bring to reality the words of Dr Lyn Billings: "This is knowledge that every woman ought to have". Thank you for sharing their legacy.

We would be very happy to welcome members of AMBER to the next WOOMB International Conference and Teacher Training Programs in Benin in March 2020. We hope some of you may be able to come.

With our prayers for the success of your 30th Anniversary Conference,

Gillian Barker
